

Good Afternoon

Bison season is just around the corner

Environment Yukon is offering a free workshop on how to safely, legally and ethically hunt Yukon Bison.

Join Hunter Education Coordinator Jim Welsh and the wildlife specialist from Environment Yukon on November 6 from 6:00 pm – 9:30pm in the Grey room at Mt. McIntyre Recreation Center.

This workshop is open to hunters of any experience level.

Doors open at 5:30pm. Snacks and refreshments will be available. Questions or concerns contact Jim Welsh at 667-5617 or email Jim.welsh@gov.yk.ca

<http://www.env.gov.yk.ca>

We look forward to seeing you at the clinic

Jim

WOOD BISON VITAL ZONE

To ensure the ethical harvest of Wood Bison, be certain that you have sighted in your rifle, meet the minimum firearm requirement, and are using premium ammunition. Take the time to check if the Bison is wearing a collar.

MINIMUM FIREARM REQUIREMENTS:

- .30 Calibre or larger
- 180 Grain Bullets
- 2800ft./lbs. energy at the muzzle

DO NOT SHOOT COLLARED BISON
